Tickets Paid / City's Cost / Revenue.....	5
Reported Accidents at Monitored Intersections.....	6
Hearings / Trials.....	7

Program History

On June 30, 2005, Bill No. 6315 was passed allowing the use of Automated Traffic Violation Monitoring Systems. Upon publishing of Rhode Island Department of Transportation (RIDOT) defined Rules and Regulations governing the use of such ATVMS systems, Red Light Camera programs would be allowed in Rhode Island. The RIDOT Rules and Regulation have been published and took effect on February 21, 2006. [*Reference, Rules and Regulations Concerning Approval and Operation of ATVMS', dtd January 2006*]

The City of Providence partnered with Affiliated Computer Services Government Solutions (ACS). ACS is responsible for the administration of the Automated Traffic Violation Monitoring System (ATVMS), the technology used by the program, including: project management, camera installation and maintenance, violation processing, customer service, adjudication support and payment processing. The City has a Program Manager to oversee the vendor and administration of the contract.

Report Purpose

This report satisfies the following Rhode Island Department of Transportation (RIDOT) Rules and Regulations requirement: "The State of Rhode Island and Providence Plantations – Rhode Island Department of Transportation - Rules and Regulations Concerning Approval and Operation of Automated Traffic Violation Monitoring Systems Monitoring system.
